Context settlers / Try all efforts  
to work closely

1. Co-development of management strategies
2. Participation in management trials
3. Environmental education
4. Awareness
5. Visit invaded areas together to assess and discuss the situation. Stakeholders can be engaged visually this way
- 6.
- 7.

Crowd /  
Keep informed

1. Environmental education
2. Awareness
3. Participation in management trials
4. Visit invaded areas together to assess and discuss the situation. Stakeholders can be engaged visually this way
- 5.
- 6.
- 7.

Key players /  
Manage closely

1. Policy briefing (Presenting evidence)
2. New regulation guidelines/discussion
3. Feedback on research projects
4. Highly interested stakeholders may help bring onboard stakeholders with low level of interest (e.g. helping coordinate workshops to rise awareness)
- 5.
- 6.
- 7.

Highly interested less influential  
groups / Need to be  
empowered

1. Feedback on research applications (e.g. Range Shifter, methodology for impact assessment)
2. Co-development of management strategies
3. Highly interested stakeholders may help bring onboard stakeholders with low level of interest (e.g. helping coordinate workshops to rise awareness)
